Education

Macalester College, St. Paul, MN — August 2023 – May 2027
B.A. in Economics and Statistics, Minor in French — **GPA: 3.94/4.00**

Dean's List (Fall 2023–Spring 2026), Omicron Delta Epsilon Honor Society, UWC Davis Full-Ride Scholarship
Coursework: Econometrics, Macroeconomic Modeling, Machine Learning, Statistical Modeling, and Data Science

Experience

Statistics Department, Macalester College — June 2026 – August 2026
Research Assistant — *St. Paul, MN*

- Estimated asthma and cancer impacts of a municipal trash incinerator in the Twin Cities to inform its 2027 closure debate by applying causal inference methods in R.
- Maintained a unified environmental and demographic database to accurately quantify localized community pollution exposure by merging four distinct government datasets at the census-tract level.

The University of Chicago — March 2026 – June 2026
Research Collaborator — *Chicago, IL*

- Ensured a digital-literacy Randomized Controlled Trial in Punjab, India, meets top economics journals' reproducibility standards by diagnosing and resolving 10 critical data-pipeline errors with Claude Code.
- Developed the study's research hypotheses to unify a 7-person team's research direction by synthesizing more than 20 cross-disciplinary papers on digital wellness in schools and universities.

Metropolitan Council — January 2026 – May 2026
Analyst — *St. Paul, MN*

- Modeled regional transit demand to optimize transportation timing, enhance accessibility, and maximize network usage by analyzing survey data from 5,000+ households using R.
- Advised executive leadership on travel trends shaping the Imagine 2050 regional plan by presenting a strategic deck and defending recommendations in live Q&A with senior planners.

Analysis Group — August 2025
Extern — *Boston, MA*

- Quantified economic damages in a TV network contract dispute by modeling counterfactual viewership in Stata, isolating the blackout's true impact from a pre-existing ratings decline.
- Delivered a client-ready memo to guide the case team's litigation strategy by distilling the counterfactual damages estimates into clear recommendations.

Leadership

AI Usage in U.S. Companies — January 2026 – May 2026
Technical Lead — *St. Paul, MN*

- Led a 3-person team to deliver AI-adoption findings via a PowerPoint deck and public-facing website.

Entrepreneurship and Innovation Department — January 2026
Founder of Camino a la U — *Santa Cruz, Bolivia*

- Founded a university-access program for low-income students in Bolivia by winning a $2,000 LiveIt Fund grant.
- Selected 25 of 200+ applicants and organized 5 teachers to coach them through essays and admission exams.

VOICES in STEM — January 2024 – May 2025
Treasurer — *St. Paul, MN*

- Expanded mentorship programming to 80+ underrepresented STEM students by managing a $4,500 budget.

American Statistical Association — March 2025
DataFest Winner, "Best Insight" Award — *St. Paul, MN*

- Won "Best Insight" among 12 teams by leading a 48-hour U.S. real-estate analysis and pitching to a panel.
